

CADA 360 Retired Employees Plan rates

Effective September 1, 2025 to August 31, 2026

The CADA 360 Retired Employees Plan is a unique and comprehensive benefits plan offered exclusively to retired employees and their dependants, featuring excellent coverage you won't find anywhere else. The flexibility of the plan enables you to better integrate your choices with your provincial government's benefits.

You can select your combination of healthcare benefits, prescription drugs and dentalcare coverage. You can also choose life insurance combined with accidental death & dismemberment at two different levels of coverage. Life insurance is not available to spouses, surviving spouses and dependants.

Your monthly premium is based on the coverage option(s) you choose, single or family coverage and your age on September 1 of each year.
